

Mom Days Dad Days (And Dolphin Day is Every Day!)

For young children whose parents no longer live together, sharing time between Mom and Dad can be stressful at times. Ella knows all about Mom Days and Dad days. In this beautifully illustrated and engaging picture book, Ella provides a child's perspective on having two homes and adjusting to the differences with each one. While her parents cannot always make things the same for her, they find ways to work together to make the changes feel easier. Both parents and children will enjoy Ella and her toy dolphin in a heartwarming story that embraces both the challenges and the opportunities for parenting after separation.
