

Blackbeard (Edward Teach) (Pirates Around the World: Terror on the High Seas)

The story of Blackbeard is undeniably a thrilling one that is best classified as a mystery. But one might also call many parts of it a fantasy. We know, of course, that Edward Teach or Edward Thatch was a real person. But much of what we think we know about his alter ego, Blackbeard, is almost certainly fiction. Could a headless body actually swim around a ship three times? Science tells us this is preposterous. In this new book for children, author Tammy Gagne helps young readers discover just how much of this story is true.
