

My Little Life: When Geri and I Fell Out

Hands off. Keep out! No one reads this diary, ok! Its all here, blow by blow. I write my diary a lot. And thats what I wanna be mega-famous, blockbusting, big-time writer! But not yet, so dont go snooping. Thisbook features the voice of Tiffany Little, a girl with attitude and a diary shes not afraid to use! This is Adrian Mole without the angst and Bridget Jones for kids. Jenny Oldfield once again creates a must-have series, full of all the things girls this age worry about. This volume focuses on the trauma of Tiff falling out with her friends, at the same time as coping with the fact that her mom has a new man in her life. The books are filled with touching honesty and humor, as well as great black and white illustrations.
