

Enemy Territory

Trained to hate, two boys discover friendship instead. Sam, an Israeli teen whose leg may have to be amputated, and Yusuf, a Palestinian teen who has lost his left eye, find themselves uneasy roommates in a Jerusalem hospital. One night, the boys decide to slip away while the nurses aren't looking and go on an adventure to the Old City. The escapade turns dangerous when they realize they're hopelessly lost. As they navigate the dark city of them limping and the other half-blind, their suspicions of each other are diverted. They band together to find their way home, defending themselves against unfriendly locals, arrest by the military police, and an encounter with a deadly desert snake. The boys attempt to understand each other and the politics that divide them mirror the longstanding conflict in the Middle East. This powerful story, touched with humor, demonstrates how individual friendships and experiences can triumph over enormous cultural and political differences and lead to understanding and compassion.
