Record Sheet Number Sense Screener™ Record Sheet, K-1 **nss**

Student name _____ Grade _____ Date of testing _____
 Gender M F School _____ Examiner _____

Directions: Record a + for correct responses in the spaces provided. Unless otherwise indicated, record the exact answer when an incorrect response is given. For example, if the correct answer is "2" and the child says "3", write "3" in the corresponding blank. For the Story Problems and Number Comparisons sections, also write the strategy the student uses. (See NSS user's guide Chapter 2 for a complete explanation of strategy use.) A Notes section is provided at the end to detail any significant behaviors or observations. Correct answers are provided in parentheses.

A. COUNTING SKILLS

1. Write each number used when child is asked to count the stars. _____ Correct (+) / Incorrect (X)

Record student responses in this pack of 25 Record Sheets. These record sheets are part of NSS, a quick, reliable, and affordable way to screen early numerical competencies in Grades K-1 and identify students at risk for later math struggles. A research-based tool that requires no extra training, Number Sense Screener (NSS) K1 gives schools the critical information needed to catch at-risk students early, predict mathematic achievement through at least third grade, start planning targeted interventions, and monitor progress. NSS supports progress toward national and state standards, including Common Core State Standards in Kindergarten and NCTM Standards and Focal Points.
