

The Secular Invasion: Helping Your Child Maintain a Biblical Worldview (Parenting Pre-Teens and Teens Book 2)

A MUST READ FOR ALL PARENTS OF PRE-TEENS AND TEENS! Someone once defined a teenager as a person who watches his weight by giving up candy bars before breakfast. Anyone who can hear a song by Bruno Mars played three blocks away but not his mother calling from the next room. A whiz who can operate the latest computer without a lesson but cant make a bed. A seeming expert on everything, yet never seems to study. A connoisseur of two kinds of fine music: Loud and Very Loud. And a romantic who never falls in love more than once a week. Pre-teens and teens are that and so much more. They are our children, created by God and loved by us. They have passions, plans, personalities, and God-given gifts and abilities. Raising them is both a challenge and a blessing, and helping them to navigate the pitfalls of adolescence is a parents most pressing task. How do we help our pre-teens and teens handle peer pressure, the cultures sway, the desire to date, and all that seeks to influence their hearts and minds? Answering that question is the focus of Mark Davids Richardsons parenting series. In this latest installment, Mark tackles the secular invasion. He shows how secular humanism, over time, slowly erodes biblical values and leads Gods people away from His ways and His truths. In this book, parents will:~Discover how the mind is the key battleground in this worldview war~Understand what secular humanism is and how it effects hearts and minds~See the ways secular humanism has attacked biblical values and morals~Be given action steps to instill a biblical worldview in their children
