

Youve Got It All Wrong

From the publishers of We Are Absolutely Not Okay Druggie. Loser. Boozier. Dropout. Runaway. Delinquent. Slut. Labels can hurt and destroy-as the teen authors of this powerful true story collection know all too well. But are they true? Would you still think the same if you knew the challenges and circumstances these labeled teens have faced? In Youve Got It All Wrong, twenty-one teenagers take readers into their lives as they struggle with homelessness, abandonment, death, addiction, abuse, and peer pressure. Through their narratives, they share the circumstances they faced and the decisions they made during their darkest hours. By revisiting their past and sharing their stories, these high school students are taking charge of their futures in a positive, powerful way. They are also reaching out to other teens to remind them that they arent alone and that labels do not define who they are.
