

Kingdom Of The Medallion: The Chronicles of Bartholomew

Long ago in what is now Scotland, the Kingdom of Afala existed in harmony with all living things. The magical land of unicorns, gallant knights, and incredible beasts was protected by an immortal being named Bartholomew and a powerful medallion held by the noble king. But the medallion is stolen by a betrayer, intent on taking the power for himself. In desperation, Bartholomew sends a message to the future, calling for the chosen ones to save them from certain doom. In modern Glasgow, Alexander and Sarah, professors of archaeology at the university, have spent their careers trying to find more information about the lost kingdom. Through a series of mysterious clues, they learn that the past, present, and future are all at stake and that they are all that stands between a future of hope and the end of life as they know it. Now they must embark on a dangerous quest to retrieve the medallion and stop the forces of evil from taking over the world.
