

Sam Whitton and the Angels Prophecy

Eleven-year-old Sam Whitton can see angels. How is it possible? Unwanted by his foster parents, being whisked off to an angel city for questioning seems to be a welcome diversion for Sam. It may be the wrong time, however, for the first-ever visit of an earther to an angel city. An ominous prophecy has come to light that threatens the city's very existence. Sam makes the best of his time in the angel city while the search for the truth about him goes on and the angels prophecy unfolds.
